

**NFT10 Pilot Pro**  
Android mobile computer

## FEATURES

Designed to bridge the gap between a rugged PDA and a sleek and stylish smartphone, the NFT10 Pilot Pro offers businesses a high quality Android™ mobile computer. At 5.7", it's one of the largest durable touchscreens on the market. It features edge to edge screen protection by a metal housing that's designed to withstand high drops and offer reliable performance in all weathers. The NFT10 Pilot Pro uses an ultra-slim megapixel barcode scanner with left and right scan solutions for comfortable data capture, all housed in a design that matches the look and feel of high-end modern consumer phones. With Newland's standard warranty, extended warranty options and Ndevor MDM solutions the NFT10 Pilot Pro has all the style, functionality and support needed for any enterprise application.

### Comprehensive data capture.

The NFT10 Pilot Pro can be integrated with a variety of data capture options including Mega Pixel 1D/2D barcode scanning, NFC RFID reading, fingerprint recognition and GPS/Beidou/GLONASS.

### Versatile connectivity.

With dual band 802.11 a/b/g/n/ac WiFi and 2G/3G/4G support, the NFT10 Pilot Pro stays connected. A dual SIM option allows you to use the most suitable provider no matter where you are.

### Powerful performance.

The NFT10 Pilot Pro is quick and reliable thanks to the Android 9.0 operating system and a 2.0GHz octa core processor.

### Application Scenarios

Logistics • express delivery services • warehouse management • retail chains • food traceability • healthcare • distributor management • manufacturing • electricity meter reading • inventory counting.

### Long lasting Battery.

The NFT10 Pilot Pro is equipped with a 4800mAh battery, supplemented by a low power design, significantly extending the usage time. It also supports fast charging with a Type C port.

### Rugged durability.

The NFT10 Pilot Pro's rugged housing is sealed to IP67 standards for protection against dust and water and withstands 1.5m drops to concrete.

All sides of NFT10.
