EYE AND FACE PROTECTION FACESHIELDS

At Honeywell, we're passionate about protecting healthcare workers and patients with innovative, high-performing protection solutions you can trust to be there when you need it most.

Protect One. Protect All.

Honeywell

THE
FUTURE
IS
WHAT
WE
MAKE IT

EYE AND FACE PROTECTION FACESHIELDS

DISPOSABLE FACE SHIELD

This Honeywell disposable face shield offers enhanced protection from exposure to fluids. Wraparound design protects the sides of the face, and anti-fog coating reduces fogging to ensure good visibility. Soft foam headband gently conforms to the face. Adjustable elastic headband ensures universal fit. White header makes it easy to write names or other identifiers.

CLEARWAYS

Clearways offers both strength and durability with replacement visors available in acetate or polycarbonate.

- Safe, practical, economical integral visor fitting, ensures extra protection against chemicals
- Excellent protection against splashes of liquids
- The Clearways offers both strength and durability
- Lightweight, comfortable enough to wear all day
- Product certified to EN 166 : 2001, PPE Regulation 2016/425

CLEARWAYS HEADGEAR

10 023 41	CB20	Adjustable polyamide headgear and browguard	1 B 3

TURBOSHIELD

An improvement upon more traditional visors, with three patented features, Honeywell Turboshield provides unparalleled comfort for longer wear, the easiest visor exchange system available, and optimal safety and balance.

- Perfect for those who are exposed to falling or flying objects, impact, splash, UV, and airborne debris
- Can be comfortably worn with most goggles, respiratory protection, and hearing protection
- Flexible head-cushioning suspension cradle provides 300% greater contact area than traditional suspensions
- Easy visor exchange with a simple push-button release
- Improved Protection with 50% more chin coverage compared to traditional visors
- Adjustment knobs are large and ergonomically designed for simple, easy adjustment – even wearing gloves
- Patented Hard Hat Adapter that allows visors to slide back 170 mm overhead when faceshield is in the upright position for better balance and weight distribution
- Product certified to EN 166 : 2001, PPE Regulation 2016/425
