32" screens

PRODUCT DETAILS

PATIENT CHECK-IN KIOSK

The PATIENT CHECK-IN KIOSK offers a stylish and elegant solution for mounting screens, ideal for reception spaces in healthcare environments.

These units are ideal for use as check-in points for patients or for general way-finding and information purposes.

Internal cable management, grommet holes and the option to run cabling through the bottom of the unit result in an all-in-one solution with minimal disruption to its surroundings.

- **Accommodates all users**

Provide ease of access as it can be manufactured at different heights for your requirements.

- **Tamper proof**

Can be bolted to the floor for added security and prevent against theft.

- **Easily cleanable**

Infection control friendly, with an antimicrobial finish and an easy to clean surface; prevents germs accumulation

- **Ideal for patient check in services**

Can be integrated with a scanner to check patients in via QR code

- **Cable management**

Complete internal cable management creates an 'all-in-one' solution.

- **Built to last**

Manufactured with high quality durable steel construction for long-term use.
