

EVOLVE2 30 SE

Engineered to keep you productive.

Lightweight, portable, reliable, comfortable.

Gentle, lightweight comfort.

We measured hundreds of heads to engineer a headset that's ultra-lightweight and extremely comfortable, with a reinforced steel headband and a new design that exerts gentle, evenly distributed pressure. Because all-day comfort means all-day productivity.

Clear, collaborative calls.

An advanced 2-microphone audio system captures your voice while simultaneously analyzing and reducing background noise, for 12% less background conversation noise on calls.¹ Evolve2 30 SE meets premium Microsoft Open Office requirements.*

The new standard of easy listening.

Professional-grade 28mm speakers and an advanced digital chipset that's three times more powerful¹, for exceptional audio quality. Enjoy truly outstanding sound that's engineered for modern working. With Evolve2 30 SE, calls always sound great, wherever you are.

UC-certified means UC-satisfied.

When collaboration is easy, everyone is happy, with both their UC-platform and their headset. Evolve2 30 SE is available in a UC-certified variant and a Microsoft Teams-certified variant, for truly seamless communication.

Incredible noise isolation in an instant.

Evolve2 30 SE is specifically engineered to deliver portable concentration, anywhere, cancelling 48% more of the noise around you.¹ Noise-isolating foam oval ear cushions and pioneering angled earcup design deliver great passive noise cancellation; perfect for the worker whose office is always changing.

Flexibility you can rely on.

With a reinforced steel headband and slider, and significantly enhanced protection of both internal and external components, this headset can go with you wherever you go, for maximum lifetime value and reduced replacement costs.

Instant 'do not disturb' sign.

The Evolve2 30 SE automatically knows when you need peace and quiet, with an integrated busylight that turns on automatically when you're on a call. You can also turn it on manually to signal 'do not disturb' mode.

Future-proof tech that gets better with age.

Upgradeable platform that will add even more value to your investment, with future firmware upgrades through Jabra Xpress.

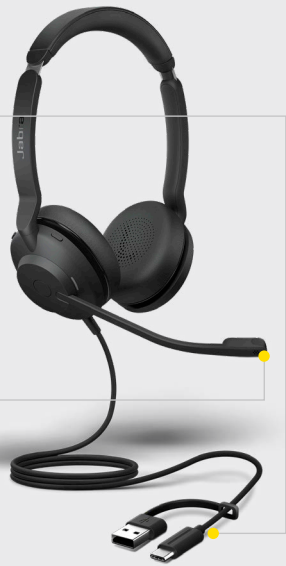

¹ Based on Jabra calculations, compared to Evolve 30 SE.

* Microsoft Teams variant only.

HOW TO START

Plug the Jabra Evolve2 30 SE into either a USB-A or USB-C port on your computer.

Position the microphone near your mouth.
